## Safety System Deluxe Gas Connector Kits Include:

- Dormont Safety System gas connector with choice of exclusive Safety System fittings: Safety Quik™, SnapFast™ and SwivelMAX™
- (1) Valve
- (2) Street Elbows
- (1) Restraining Cable

NOTE: Safety Quik is a quick-disconnect and valve combination fitting.

No additional valve will be shipped with a kit where Safety Quik (CF) has been specified.

For each SwivelMAX (S) selected, one elbow will be removed from the kit.

**IMPORTANT!** Leave no spaces between final part number.

Sample part number: 1675KITCF2S48

(Deluxe 3/4" ID Kit with Safety Quik Quick-Disconnect and Double SwivelMAX for a 48" Connector)

Moveable connectors and kits are located on pages 6 – 9.

12" connectors are available by calling Customer Service.

## Part Number Explanations

- B** = Braid
- P** = PVC Coated (with Antimicrobial Coating)
- Q** = Quick-Disconnect (SnapFast)
- CF** = Safety Quik Quick-Disconnect Valve
- S** = SwivelMAX
- R** = Restraining Device & Hardware
